

## Reflex t 11.3 TREADMILL

**DOMESTIC** · FMTL39813

**INTERNATIONAL** · FMTL39813-INT

### FEATURES & BENEFITS

**POWERFUL 5.0 CHP ENDURADRIVE™ SYSTEM** ›

Our lower pulley ratio creates more torque for faster acceleration—helping you maintain speed for the full marathon. Plus for optimal user balance, our 10-rib stretch belt has less potential for slip. Delivering high-end commercial bearings and brushes, high-grade wiring and insulation ratings, a thermal cut-off switch, and a stringent UL certification process, this motor is dynamically spin-balanced and extensively tested for superior performance in vibration and noise—making the EnduraDrive™ System the performance motor of choice.

**REFLEX™ CUSHIONING** › Experience extreme joint protection with Reflex™ Cushioning. It's the perfect combination of comfort and performance. Featuring composite construction, this cushioning absorbs impact without sacrificing strength.

**0-12 MPH 1-STEP™ SPEED CONTROL** › Customize your training for better results. Quickly change your speed from 0-12 MPH for a better workout, warm up and cool down.

**-3-0% 1-STEP™ DECLINE CONTROLS** › It's the newest revolution to the treadmill workout—walking at a decline! With 1-Step™ Decline Controls you can instantly adjust your decline to stimulate different muscles and add balance to your workout.

### PRODUCT SPECIFICATIONS

**0-15% 1-STEP™ INCLINE CONTROL** › Boost your weight loss with 1-Step™ Incline Controls. These controls make it simple to change the incline so you can reduce impact on your joints, burn fat calories and add variety to your workout.

**LARGE, BRIGHT LED WINDOWS** › These bright LED windows display your speed, time, distance, level, pulse and calories burned, so you can monitor your progress throughout your entire workout.

**CROSSFLOW™ WORKOUT FAN** › Stay cool and fresh during your workout with the innovative CrossFlow™ Workout Fan. It's built right into the console, just like the AC in your car, allowing you to quickly adjust the settings.

**DUAL-GRIP HEART RATE MONITOR COMPATIBLE WITH POLAR® WIRELESS CHEST STRAP** › Forever change the way you work out with heart rate training! Two hand-grip heart rate sensors are conveniently built-in to the treadmill's handlebars so you stay in the right training zone for maximum results.

**22" X 60" QUIET TREADBELT** › A vital component of the drive system, this roomy treadmill belt is designed to operate both smoother and quieter than the average treadmill belt.

**3.5" CROWNED & SPIN-BALANCED ROLLERS** › Better than the standard roller, these large, precision-machined rollers reduce noise and help the treadmill operate smoothly and quietly.

**400 LB. WEIGHT CAPACITY** › Accommodating up to 400 lbs., this commercial-grade treadmill is built for strength and durability.

**WARRANTY** › The Reflex t 11.3 Treadmill is backed by a 7-Year Frame & Motor, 2-Year Parts & 1-Year Labor.

\*Wireless chest pulse strap not included.
